

# HOW TO BUY X8X ON BANCOR

## STEP 1

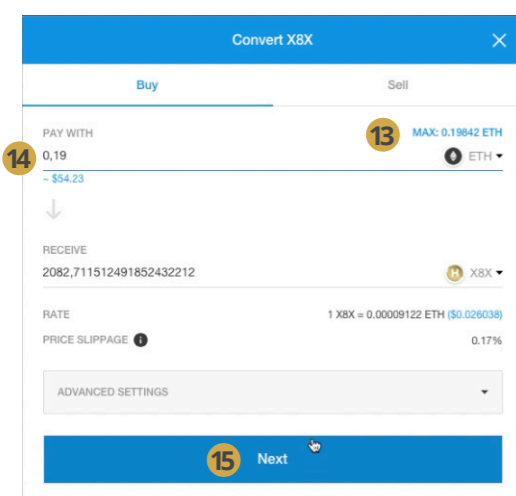

1. Make sure you are on the correct URL! <https://www.bancor.network/>
2. Sign in or [register](#). (See page 2)

## STEP 3

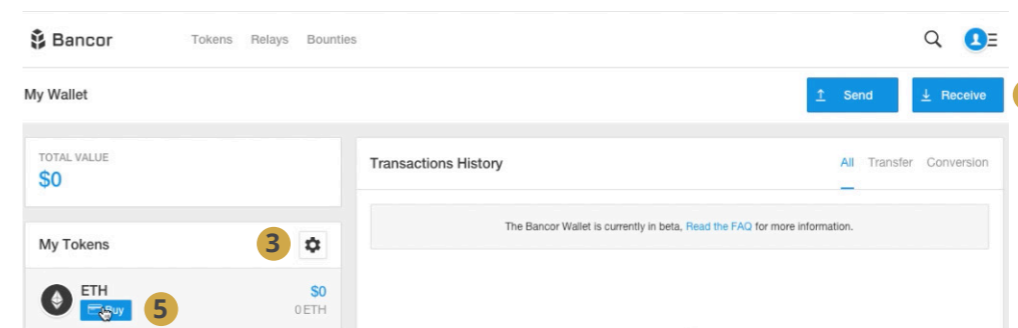

6. Amount of FIAT you want to convert to ETH.
7. Fiat currency you want to convert (USD or EUR).
8. ETH you will receive in return.
9. Your ETH wallet address (You can get it in the previous step).
10. Proceed by entering standard billing information and KYC. KYC is practically instant. For confirmation email check SPAM folder as well!  
After you complete these steps you will receive your ETH which you can check in your Bancor wallet. It can take a bit of time to process. When you receive ETH proceed with the next step.

## STEP 5

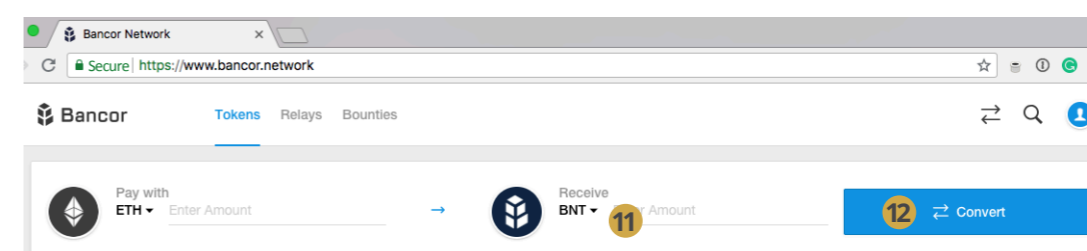

13. Your ETH balance.
14. Select the amount of ETH you want to convert to X8X. (The amount needs to be lower than your total balance by around 0.005ETH to cover the gas cost of transaction (fee)).
15. Click next and confirm.

## STEP 2

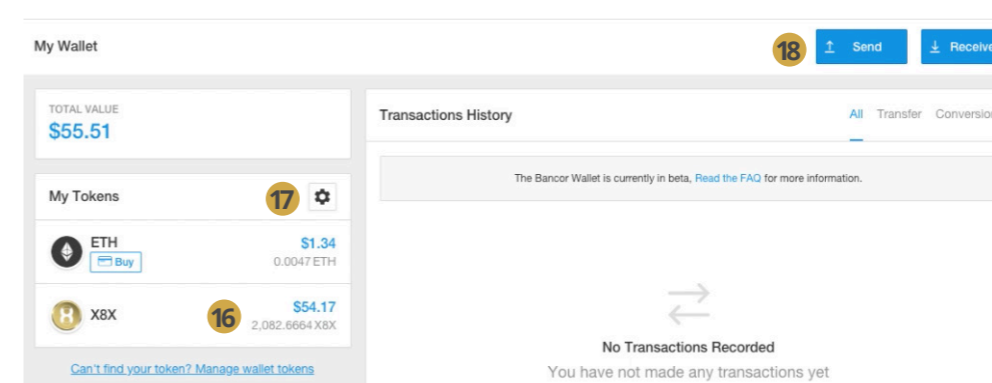

3. Select X8X to be shown in your tokens.
4. Check and/or copy your bancor ETH wallet address. You will need this in the next step.
5. Buy ETH directly from Bancor with Paypal or credit card.

## STEP 4

11. Select the token you want to receive (X8X).
12. Press convert to go forward. Here you do not yet need to enter any amounts.

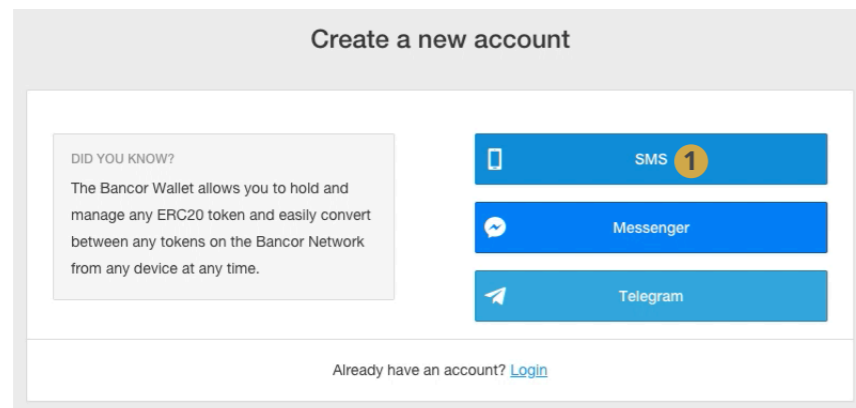

## STEP 6

16. You can now go back to your wallet and check your balance.
17. If you do not see X8X amongst your tokens set X8X visible here.
18. We recommend moving your tokens to a secure hardware wallet.
